

# SENIOR CHECKLIST

## Clothing:

It is better to bring too much than not enough! I am happy to help you choose when you arrive at your session. Bring something Mom likes, and then things that reflect your style. It is a great idea to bring some casual and some dressy choices. Make sure they fit well, and are ironed.

## Make-up:

Make up should look natural, applied as if you were going on a date or to a dance. If you don't normally wear make-up you might consider some mascara, light blush, and lip gloss. Please bring your items along for touch-up as well.

## Hair:

As a rule, don't try anything brand new right before your session. Cuts should be done at least one week prior to your session.

\*Guys, remember to groom facial hair and those ball cap tan lines!

\*Bring hairspray

## Accessories:

Don't forget the shoes, boots, jewelry, hats, and proper undergarments to make those outfits unique.

Letter jackets, class rings, sports uniforms and equipment, musical instruments, car, pet, etc.

## More Tips:

- \* Guys shave the day of your session.
- \* Girls go easy on the deodorant. It doesn't look good on your clothes and the camera can't smell!
- \* Sunburns can't be fixed, plan your beach days accordingly.
- \* Nails, fingers and toes will show depending on your outfits. Be sure to have fresh polish.
